

COVID-19 Vaccine Nurses Hotline

- Are you unsure if you should get vaccinated?
- Are you concerned about vaccine side effects or safety?
- Do you need more information to help you decide?

Call 315-366-2770

**Ask to talk to a nurse about vaccines
Monday to Friday 8:00 am - 4:00 pm**

- Getting the vaccine will help keep you and your family safe.
- If enough people are vaccinated, we can prevent 100,000 deaths or more.
- The more people get vaccinated, the faster we can get back to normal.

“Vaccination is a choice. It is important for our community to be armed with the knowledge to make an informed decision. I hope by answering questions, I can help people feel more confident in their decision to get vaccinated.”

-Rebecca LaPorte, Public Health Nurse
